WASTE TO WONDER

Competition Brief for Entrants 5 - 7

Brief

For this competition you must design something that is environmentally friendly. This means using things that you would normally throw away at home or at school, for a chance to win the **RIPRIDER 360**

Be creative and think about the rubbish you have and what wonders you could make with it.

Use the sheet we have provided and the panel on the side to describe what makes your ideas different, fun and clever.

Format

The entries should be hand drawn on the sheet provided, please stick to the sheet size and format.

Use whatever medium you feel best expresses your ideas.

Things to consider

Practicality

Consider the practicalities of your product and how it would be useful as a new item, and what its uses would be and please describe them

Materials

Any kind of waste material you would throw away at home or at school. Think about the new function and design of the products.
