

ENERGY BUSTERS!!

Competition Brief for Entrants 5 - 7 years

Brief

This competition is to create the ultimate eco-warrior den, for a chance to win the “Daves Blowfish” bicycle courtesy of uSwitch.com.

This is an opportunity to design your own dream energy-saving bedroom.

There are many ways that we can save energy, from using less electricity, to making sure our windows don't let hot air escape. Your room can contain whatever you'd like it to, just remember that you want to save as much energy as possible! Using the sheet we have provided, please draw your dream bedroom, and describe what makes your ideas different, fun, and clever. The winner will be the ultimate all-around energy buster!

Be imaginative – we want to see how many different ways you can save energy in your room!

Format

The entries should be hand drawn, please stick to the sheet size and format provided.

Use whatever format, or combination of formats, you feel best expresses your ideas.

Things to consider

Lifestyle

The ultimate Energy Buster will not only live in an energy-saving room, but they will lead a lifestyle that reduces their energy consumption, so please note any lifestyle changes you think might be relevant. For example, perhaps riding a bike to school, instead of driving. Remember to be imaginative but realistic!

Practicality

Your design should be practical – in other words, it should be able to exist and work in real life.

Competition Rules and Conditions

- 1) All entries must be posted to; Energy Busters, Renewable Energy Foundation, 21 John Adam Street London, WC2N 6JG.
 - Your entry must include your name, age and your school postal address.
